EDUCATION

Bachelor of Science in Computer Science
Virtual University / Lahore
06/2024 - 06/2027,

LANGUAGE

English

INTERESTS

Building interactive web applications .

Exploring modern JavaScript frameworks (React, Next.js, Vue).

UI/UX design and front-end optimization

Experimenting with new design trends (Material UI, Tailwind CSS)

ABOUT ME

Motivated React.js developer with hands-on project experience, strong interest in UI/UX, and a continuous learner mindset. I enjoy working in teams, building scalable apps, and contributing to meaningful projects.

PERSONAL PROJECTS

TODO LIST

Todo List (REACT.JS, TAILWIND CSS , HTML , JAVASCRIPT , CSS) Developed a responsive task management application with React.js. Implemented CRUD functionality: add, edit, delete, and mark tasks as complete. Used local storage to persist data across sessions. Built reusable components for better code structure and scalability.

E-COMMERCE STORE

E-Commerce Store (REACT.JS, TAILWIND CSS , HTML , JAVASCRIPT , CSS) Developed a mini e-commerce application with product listing, search, and category filtering. Implemented shopping cart functionality using React Context API for state management. Designed a responsive and user-friendly interface with Tailwind CSS. Focused on component reusability and clean architecture for scalability
